Diagram illustrating the layout of a container with a heading and five rows of content.

The container is labeled "Container heading" at the top.

The layout consists of a heading and five rows of content. The first row is a heading, and the subsequent four rows are content rows. The content rows are labeled "Y-axis" on the left and "X-axis" at the bottom.

The diagram shows a container with a heading and five rows of content. The first row is a heading, and the subsequent four rows are content rows. The content rows are labeled "Y-axis" on the left and "X-axis" at the bottom.
